

CORONAVIRUS RESOURCES

March 11, 2020

In the face of the Coronavirus outbreak, it is important to be aware of the resources you and your family members have at your disposal. Your employer sponsored health plan wants to ensure all members have access to the appropriate care, if needed, if you or a covered family member presents symptoms or is exposed to suspected COVID19, also known as the Coronavirus.

EFFECTIVE IMMEDIATELY

BENEFITS AND INSURANCE COVERAGE

COVID-19 diagnostic testing will be covered in full with **NO** member cost share. The insurance carrier is also waiving prior authorizations for diagnostic tests and for covered services that are medically necessary and consistent with CDC guidance for members diagnosed with COVID-19.

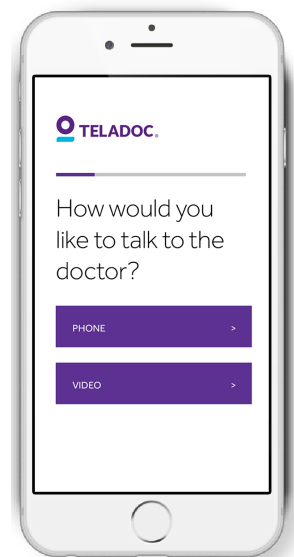

To help members prepare for the potential need to stay home or remain isolated for an extended period of time, carriers will also waive early medication refill limits on 30-day prescription maintenance medications. We encourage members to use their 90-day mail order benefit and are temporarily waiving preauthorization on drugs that typically require it.

In addition, now is a great time to utilize your telemedicine benefit. The CDC has encouraged the public to access virtual care wherever possible. Your telemedicine benefit is also a no cost benefit to you and any diagnostic test ordered for COVID19 will be covered under the above communication, free of charge.

Your telemedicine benefit is offered through TELADOC

Contact TELADOC Toll-Free 800-TELADOC (800-835-3362) or Online www.teladoc.com or [download the app](#)
